10th August 2015

Dear Parents

Due to concerns with **hearing and ear health** in rural and remote areas a regular screening program is currently being coordinated between the CEO Toowoomba and the Quilpie Hospital. Screening of all students will occur annually or 6 monthly depending on the need.

It is hoped that by conducting regular screening practices we can more accurately track hearing results, particularly for those who have had some inconsistent or borderline readings. It is also recommended that all students participate in the screenings even if they have had good test results in the past.

The next screening will occur on the 27th and 28th of August at the Quilpie Hospital.

Please complete the permission form below so your child can be included in the program.

Kind regards

I **give/ do not give** permission for my child/children

to participate in the hearing screening at the Quilpie Hospital on the 27th and 28th August.
